HAS BEEN ARR..NGED

PLANS ALL MADE. Bostock Shows Will Spend Win-

ter in Richmond.

The Bostock shows will in all probability winter here. Messra, R. G. Astrona and Fred Lewis, representing the attractions, are in the city, and have been in communication with Mr. Wells and other officials of Idlewood for several days. From an authoritative source it was learned last right that all the arrangements have been made, and that before the month has passed winter quarters will be established here.

It is the idea to place the quarters of the shows on the side of the dancing pavillon at the Reservoir. This will allow two entrances—on, from the boardwalk and the other from the lane leading from the Boulevard.

Four years ago Bostock wintered in Richmond, at that time using the horse show building. The animals attracted a great deal of attention. It is said that there are many additions to the selection new, and that Richmonders will have an opportunity to look upon some of the wonders of the world this winter. ter in Richmond.
